

BILLY CREEK

CHARLIE SHAFTER

“Shake the dirt off your shoes, come over take a seat, knock that chill off your bones,” sings Charlie Shafter on “Billy Creek,” the lead single from his highly-anticipated second solo studio album, ‘When I Was Yours & You Were Mine’ (Due out January 18). It’s a warm invite next to Shafter’s fire that’s as satisfying and serene as we’ve ever heard from the accomplished singer-songwriter.
